

# Are you on the right track?

Belonging to the TAMR not only answers that question, but also provides a generous helping of tangible benefits.

## Teen Association of Model Railroading (TAMR)

INTERESTED in finding out what teens are accomplishing in model railroading?

NEED help in finding some information or mastering a new modeling technique?

LOOKING for other modelers who share your interests or some ideas for that new modeling project?

TIRED of being shunned by narrow-minded adults who don't take you, or your modeling efforts, seriously?

If so, then you should consider joining the Teen Association of Model Railroading (TAMR). The TAMR was founded in 1963 to help the most neglected members in model railroading, namely the teenage modeler. Here are a few additional reasons why you should be thinking about joining the TAMR:

### Helping Beginners

The TAMR has a number of special programs designed to help those who are just starting out in model railroading. Foremost among these is our highly acclaimed Member Services Committee (MSC) which can help solve any problems you're having. So if you just need the answer to a specific question, or help in a specific area of model railroading, the TAMR has the programs to help you.

### For The More Advanced Too

Yet don't get the impression that the TAMR is only for beginners. There's plenty of benefits to keep the more accomplished modeler happy too. For instance, our publication, the TAMR HOTBOX, contains articles on all facets of our hobby. More than likely, you'll find a couple of new modeling ideas to spur your modeling efforts in each issue. Then there is our DIRECTORY which lists both the names and modeling interests of our members so you can correspond with those near you who share your modeling interests. Moreover, the TAMR has been divided into a number of regions to increase your benefits on a more local level. Many of our regions publish their own newsletters (available at a slight extra charge) and hold meets, conventions and railfanning trips for their members. Furthermore, you can personally get involved in the running of the TAMR by running for one of our elective offices or serving on one of our committees. In short, there are many ways to get involved in the TAMR.

## Our Publication: the TAMR HOTBOX

The TAMR HOTBOX is our association's official publication and it is issued twelve (12) times a year. Inside you'll find articles on our members' model railroads; techniques for constructing your layout such as benchwork building, electrical wiring and scenery construction and features on prototype railroads with hints on modeling them successfully. Then there's an entire group of columns devoted to new products, inexpensive improvements for your pike and railfanning techniques plus many drawings and photos. Once you see an issue, you'll soon realize why many of our members feel that the TAMR HOTBOX alone is worth their dues money.

### Adults Also Welcome

The TAMR realizes that adults can also make valuable contributions to our association, especially in the area of providing expert advice to beginners, so we allow them to join on a special Associate member basis. Associate members receive all the benefits of our regular members, except they are prohibited from holding elective office in the TAMR. Thus if you're an adult who wants to share your knowledge of modeling or if your simply looking for a different perspective on your hobby, the TAMR welcomes you.

### Your Yearly Investment

The cost for a one year membership in the TAMR is \$10.00 for Regular members and \$9.50 for Associates. For this sum, you'll receive 12 issues of the TAMR HOTBOX, a copy of our latest DIRECTORY and the right to participate in all our programs. Plus you'll have the added benefit of finding out what others your own age are accomplishing in model railroading.

### HOW TO JOIN:

Simply fill out the application on the back page of this brochure, enclose applicable dues and mail to the TAMR Secretary (his name and address are listed on the application). We ask that you fill out the application as completely as possible because we use them for compiling our DIRECTORY. So don't delay! The sooner you join, the sooner you can be enjoying the benefits of a TAMR membership. If you want additional information on the TAMR, please contact: TAMR, c/o Lone Eagle Payne, 1028 Whaley Road, R#4, New Carlisle, OH 45344.
