

# 1976-77 DIRECTORY

TEEN ASSOCIATION OF MODEL  
RAILROADING

The 1976 TAMR Directory was compiled and typed by Doug Johnson; printed by Andrew Dick; and assembled and mailed by Ed Shelby.

The format of this year's Directory is basically the same as last year's. Members' addresses are given in regional listings. There is also an alphabetical listing of all the members which shows which region a member is listed under. Information is taken directly from the membership application forms filled out by the members. If there is a mistake in your listing, please contact the Secretary.

#### Regions: A Capsule Summary

Allegheny Region--Far and away the most active region in the TAMR for the past couple of years, it includes Virginia, W. Virginia, Maryland, Delaware, New Jersey, and, recently, metropolitan New York City, not to mention, of course, Pennsylvania. Current President is Greg LaRocca (not a TAMR member); Sec.-Treas. is still Betsy Summers, and Editor of the highly acclaimed Dispatcher is Paul Manton.

Canadian Region--After seceding from the TAMR, this region has fallen on hard times and currently contains only four members.

Central Region--Despite a large increase in territory and members, it remains primarily lethargic, except for the Chicago area. The region includes everything from Kentucky and Ohio to Kansas and the Dakotas.
